

WATER COLOURS PHOTO EXHIBITION DEBUT BY TUGO CHENG

Club Wheellock members were one of the first few to preview the works by renowned Hong Kong fine-art photographer and architect Tugo Cheng. Mesmerizingly serene, the images were all taken in Tseung Kwan O South, an oasis that amalgamates a marine haven with the pleasures of urban life not far from our fingertips. Orange sunsets, pink and blue waves, copper silhouettes of our distinctive skyline...no wonder the exhibition was called water colours.
